Naiad Side Table

Dimensions: 40x40x47cm

Top Marble: Rosso Levanto Marble, Verde Levanto Marble

Wood: Certified oak or Certified walnut

Base Solid Brass, Stainless steel

THE NAIADES COLLECTION

This collection features unique pieces of tables that aims to bring sensations to the individual space that inhabits it; through form, texture and reflections, rather than merely mimicking the natural forms. The everyday object becomes an individual piece of art to be looked at, to be touched, to be lived with.

Inspired by the myth of Narcissus, it depicts the sensation of a morning in a forest, the encounter with a water lily floating on the water.

The Naiades collection questions and explores the concept of self image : The double reflection: the emblematic relationship of the parts to the whole, the flower to its leaf, the leaf to the water in an abstract manner.

This ambiguous relationship of the brass leg and the solid plane of the table top, embrace the quality of the amphibious and lightness; whereas the reflections on the brass echoes the play of light on the water, celebrating a world of imagination that evoke curiosity.
